1. Attached is a copy of the latest master list of W L, Zipper's CI field agency, received from Zinner.

2. Subsequently, as a reaction to security incidents and expected further attacks against Zipper, Zipper decided to "officially" dissolve W L. It has, in fact, been redesignated "Dienststelle 150". On one dark night W L folded its tent and stole off quietly to Wiesbaden, to a house being abandoned; the next night the caravan proceeded to Zwingenborn, small town in the Weinstraube area which has housed the OV L school. Because of this, it is planned to move the headquarters of D. 150 to a city, probably Pforzheim.
